BGCL RECEIVES AWARD

The Boys & Girls Club of Lynn was recently awarded the 2021 "Excellence in Business". We are so very honored and humbled to have received this award on behalf of the Greater Lynn Chamber of Commerce.

We couldn't have received this special recognition without the support of our dedicated staff and our members. It takes a village to create a successful and positive environment.

Thank you again for nominating us!
Over the past month, the Boys & Girls Club of Lynn has been a busy and productive one! Between special visits from our Corporators to planting seeds for vegetables and even decorating Easter eggs— the children always enjoy the diversity and creativity the club has to offer! Above are some photos of the club's most memorable moments.

They were graciously visited by Steve Rima, who personally delivered McDonald's to all of the kids here at the club. Chicken McNuggets and French Fries were absolutely a favorite and they enjoyed every delicious bite. Thanks again Steve for your generosity and dedication to the club.

During the middle of the month, the children got to explore their green thumb and learned how to plant seeds. Carrots, onions, green beans, and squash seeds were planted into the soil by little hands and made with love and labor. It will be exciting to see what sprouts up in the next few months!

We then wrapped up the Easter holiday by decorating Easter eggs. From hues of pinks and purples to cool gradient mixtures, the children applied their artistic talents and created some very cool eggs! Thanks to all their helpful teachers and assistants for always making this a fun tradition at the club.
Meet Adriana Moschella, who joined our BOD in January 2021. She chose to become a Board Member because of her passion for developing the youth of the Lynn community.

Growing up in a household with teachers, she has always had a passion to help the youth and understands the importance of great resources like the Boys & Girls Club. Attending the Boys & Girls Club herself throughout her childhood, she wanted to give back to an organization that has personally provided so much.

Adriana loves to travel—especially Aruba! She believes that interacting with people from different cultures helps you view life from a different perspective. When you learn about different cultures, you establish new ways of thinking, approaching and solving problems. She tries to visit one new place each year. Family values, spending quality time as well as creating memories are a top priority.

A little fun fact about Adriana: In her spare time, you can find her at the beach or a sports game in the City!

Meet our Employee of the Month, Anais Rivera, commonly known as "Nani". Nani has been working for the Boys & Girls Club of Lynn for the past 4 years. She assists with the Kids Club program as a Group Leader. She enjoys working with the children each day and helping them with their everyday tasks here at the club.

What motivates her is seeing the children grow both mentally and physically. It is truly a very rewarding experience that she enjoys witnessing daily.

In her spare time, she enjoys painting and learning choreography from music videos. A little fun fact about Nani is that she is currently learning the Korean language!

Thank you for your dedication to the club, Nani!
