GOVERNOR BAKER VISITS THE BGCL

We want to thank Governor Baker and his wife for visiting our club to see firsthand what our "Teen Summer Initiative Program" has to offer to our members. This specialized teen program was made possible from a grant received from Commissioner Jim Montgomery of the DCR Massachusetts (Department of Conservation and Recreation). With this grant, the BGCL was able to offer youth basketball which ran on Wednesdays & Saturdays at the club. We are truly grateful for the state recognition along with the funding to help the kids of Lynn have a safe and fun filled summer.
What a great summer here at the Kids Club Summer Enrichment Program. The kids enjoyed their days, made new friends and created many memories. In particular, this past month was an adventurous one for them. Curious Creatures visited us along with field trips to the movies, playing at Lynch Park, cook-outs at Camp Creighton and touring landmarks around the city. We are looking forward to seeing what next summer will have in store for the children of Lynn at the BGCL! Now its onto Fall Programming!

Camp Creighton campers enjoyed their summer fishing, boating, swimming, playing games and creating long lasting friendships with other children from Middleton and surrounding areas. J and R Gutters along with their generous donation made it possible to host an epic cook-out for all the children! They enjoyed burgers and dogs along with dancing the afternoon away to their favorite tunes which was provided by DJ Davie K! Another highlight they truly enjoyed was learning about pollution on behalf of Ipswich Watershed. All in all, the kids grew on so many levels and we look forward to seeing what the Fall brings for them!
Basketball returned to the BGCL! Our weekends were filled with basketball games and excitement! LG, Loren Green who heads up Northeast Burn Basketball League took the lead, held try-outs, formed teams by age groups and taught the necessary skills for our members to excel in basketball. The summer was then wrapped up with a trip to the Basketball Hall of Fame and Six Flags!

The BGCL was proud to collaborate within our community. Girls Inc., Groove Music along with the Boys & Girls Club of Salem visited our club weekly utilizing some of our wonderful amenities within our facility. Their members and staff enjoyed some pool time, played games and activities in our gymnasium. We are truly fortunate to be able to work and partner with our community to help ensure the children of Lynn and the surrounding areas needs are met by opening our doors with welcoming arms. We look forward to seeing you all again!
We are so honored to be one of the recipients of this $250k grant! The Baker-Polito Administration and the Children's Investment Fund (CIF), with its affiliate the Community Economic Development Assistance Corporation (CEDAC), awarded $7.5 million in Early Education and Out of School Time Capital Fund (EEOST) capital improvement grants to thirty-six organizations to renovate childcare facilities that serve primarily low-income families. The grants to child care centers and out-of-school time programs range from $100,000-$250,000, and this year the emphasis shifted to provide capital funding needed to address health and safety concerns related to COVID-19.
**SAVE THE DATE**
