The Boys & Girls Club of Lynn is proud to announce its 2022 Youth of the Year! Congratulations to our recipient Marjorie Nunez! Marjorie has been a member of the club for the past 5 years. Majorie currently is the President of the Keystone Club and also teaches ESL class to our members. Marjorie is very dedicated to the BGCL and we are honored to present her with this award.

Marjorie currently attends Lynn Tech with a major in Cosmetology. Her future plans include attending Northshore Community College to pursue a degree in Business. She hopes to open and operate her own hair salon someday.

Thank you for all your hard work and leadership you have exhibited at the Boys & Girls Club of Lynn.
April vacation was a fun filled one for the Kids Club! During vacation week, our members attended many fun field trips. They had a visit from a therapy dog in which they learned the value of having such an animal for individuals that may require a service dog. They also attended the New England Aquarium in which they saw penguins, lots of marine life and even bought some cool souvenirs. They wrapped up their week by attending a magic show in the club’s gymnasium. The magic show is always a fan favorite as so many of the kids have the opportunity to take part and help our magician out with his act. All in all, vacation week was a fun one for all!
Our Drop-In Center is always digging into cool projects! From making elephant toothpaste to lava lamps, our members are truly engaged in all activities at our club. The elephant toothpaste experiment was a fun one in which they needed to observe each step and then document their experience on it. I think we may have some future scientists or chemists as these kids love to be involved in all STEM projects. With the warmer weather now here, our members recently had the opportunity to venture out to Lynn Woods in which they got to explore the outdoors a bit and appreciate the great outdoors. Check out the highlights from the Drop-In Center below.
Our Teens along with The Teen Center has been quite active! Let's begin with mentioning our AAU Burn Basketball league led by Loren Green and their huge win in NYC! Their big win has qualified them to compete in Nationals. Such a wonderful and rewarding experience for these young teens. On another note, some of our teen members had the opportunity to attend and watch an alumni Bruins game. Our longtime Board Member, Steve Hirsch was playing to support Dana Farber. Our members had a great time cheering him on during the game. April was then wrapped up with a exploring some nature trails alongside the Drop-In Center members. Our Teens are wonderful role models for our younger members and do a great job mentoring them when they are paired up for activities.
Meet Dr. Patrick Tutwiler who is our May Board Member of the Month. Patrick has been on the Board of the Directors at the Boys & Girls Club of Lynn for the past 3 years. Dr. Tutwiler is the Superintendent for the Lynn Public schools. In addition to supporting the BGCL, Patrick is also involved with the United Way and the Northeast Arc. On a personal note, he is happily married to his wife Claire and they have 3 children together. When Dr. Tutwiler is not working he enjoys visiting Chicago as well as New York. Patrick's hobbies include barbequing and watching football. He particularly enjoys watching the Texan Longhorns! A quote that Dr. Tutwiler lives by is the following, “If you want to lift up yourself, lift up someone else.” -Booker t. Washington. We thank you for your dedication to the Boys & Girls Club of Lynn and truly appreciate all you do for the youth of Lynn!
Meet our April Employee of the Month, Shannon Morrissey. Shannon has been with the Boys & Girls Club of Lynn since March 2022. Shannon is our new Director of Licensed Programming and brings over 15 years of experience in working with children. What truly inspires Shannon each day is witnessing the progress each child has made while under her supervision. Her position is quite a rewarding one because when she leaves each day, she is reassured that the kids feel better, stronger, empowered, and happier. Knowing that her job is to help kids achieve their full potential and to help them feel happier and better about themselves, brings a huge smile to her face and purpose to her daily life. When she is not working, she enjoys spending time with her dog, Chloe. She also enjoys drawing and painting, especially when having a specific project to motivate her. Shannon makes a mean guacamole and can convince anyone to try her recipe even if they aren’t a guacamole fan! She also enjoys traveling and considers Las Vegas a favorite. Thanks Shannon for your dedication to our members of the Boys & Girls Club of Lynn.
